Agency

WANT Agency

About us

Want Agency was born from the meeting of professionals with over twenty years of experience in the world of communications and events.

Combining expertise, creativity, and passion, we create a dynamic and flexible agency, capable of supporting companies and brands in the implementation of promotional activities, events, and communication projects throughout the country.

Thanks to a quality-focused approach and attention to detail, Want Agency offers effective and personalized solutions, transforming every project into an engaging and valuable experience.

Our values

Experience
Over 20 years of activity in the communications and events sector.

Flexibility
A dynamic, flexible and widespread structure, capable of adapting to every project and need.

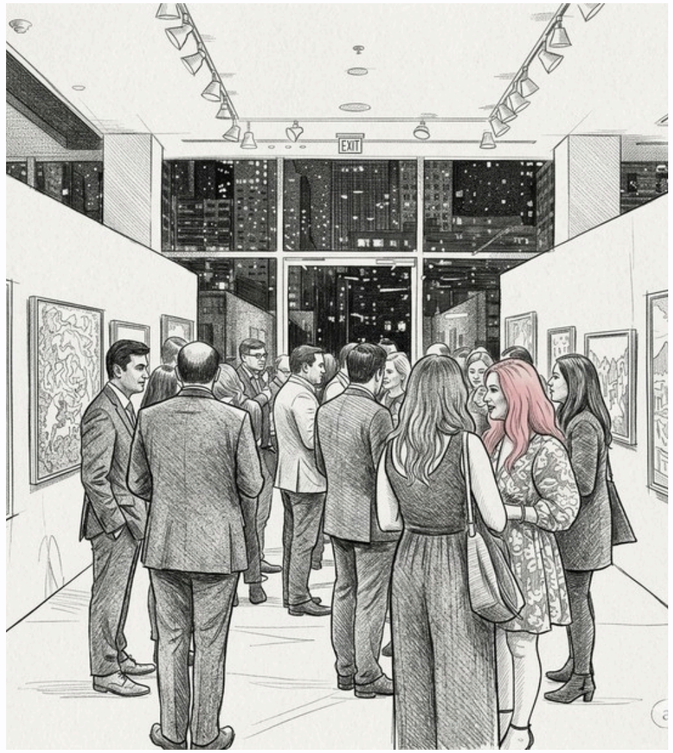

Enthusiasm
We face every challenge with energy, professionalism and attention to results.

What we do

Want Agency does not only deal with the organization of events, but also offers a series of integrated support services for communication and promotional activities.

Thanks to a flexible approach and a network of qualified professionals, we support our clients at every stage of the project.

EVENTS

- location identification, selection and management
- management of administrative and municipal practices
- public relations with spaces and meeting places throughout the country
- design and construction of installations

STAFF

- model research and casting
- recruiting and management of personnel (switchboard operators, dressers, hostesses and promoters)
- training and coordination of hostesses and promoters
- styling

SUPPORT

- study and production of promotional materials and gadgets to support communication
- logistics, shipping and storage of materials
